SUMANT KUMAR YADAV

sumantkumaryadav526@gmail.com | +91-7061808668 | LinkedIn | GitHub | LeetCode | Codolio | Bhopal (India)

Professional Summary

Frontend-focused MERN Stack Developer with hands-on experience building responsive, dynamic web applications using React.js, JavaScript (ES6+), Express.js, and Node.js. Skilled in REST API integration, state management, and component-based architecture, with a strong foundation in Data Structures and Algorithms, DBMS, and Operating Systems. Proven ability to deliver clean, maintainable, and scalable code across full project lifecycles, from UI design to backend API development.

Technical Skills

Programming Languages: C, C++, Java, JavaScript (ES6+)

Frontend Development: React.js, HTML5, CSS3, Tailwind CSS

Backend & APIs: Node.js, Express.js, MongoDB

Tools & Platforms: Git, GitHub, VS Code, IntelliJ IDEA

CS Fundamentals: Data Structures & Algorithms, DBMS, Operating Systems, Object-Oriented Programming (OOP)

Soft Skills: Problem Solving, Teamwork, Time Management

Projects

System Inspector Pro — System Monitoring & File Management Tool GitHub | Live Demo **Jun 2026**

- Built a full-featured system monitoring tool using JavaScript and Node.js to display real-time CPU usage, OS details, architecture, hostname, and environment data.
- Implemented file CRUD (Create, Read, Update, Delete) operations using Node.js APIs, enabling efficient file management directly from the dashboard.
- Designed and developed a responsive, interactive dashboard using HTML and CSS to visualize system information with real-time updates.
- **Tech Stack:** HTML, CSS, JavaScript, Node.js, FS Module, OS Module

SaveLife – Smart Disaster & Emergency Connector (Ongoing) GitHub **Jul 2026 - Present**

- Developed an **AI-powered emergency response platform** that connects citizens with hospitals, ambulance services, police, fire departments, and volunteers for faster emergency coordination.
- Built a secure, scalable full-stack web application with role-based dashboards, RESTful APIs, intelligent emergency prioritization, real-time notifications, and location-based assistance.
- Implemented one-tap SOS alerts, live location sharing, incident reporting, and offline emergency support.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Cloudinary, REST APIs

Education

IES College of Technology — Bhopal, India **2023 – 2027**

B.Tech in Computer Science and Engineering | CGPA: 7.67

Class XII (Higher Secondary) **2020 – 2022**

Aggregate: 80.2%

Class X (Secondary) **2018 – 2020**

Aggregate: 88.4%

Certifications

- **NPTEL — Programming in Java**, NPTEL / Swayam
- **Data Structures & Algorithms (DSA)**, GeeksforGeeks
- **React.js Certification**, Online Certification Program

Achievements

- Solved 150+ Data Structures & Algorithms problems across coding platforms including GeeksforGeeks.
- Volunteered as Event Coordinator at Inforia 2026, managing event logistics and participant coordination for a technical fest.

Hobbies

- Listening to music
- Exploring New Places
